Domenica Group Celebrates New Iconic Project "Elements" with an Exclusive Event at Paphos Colour Park

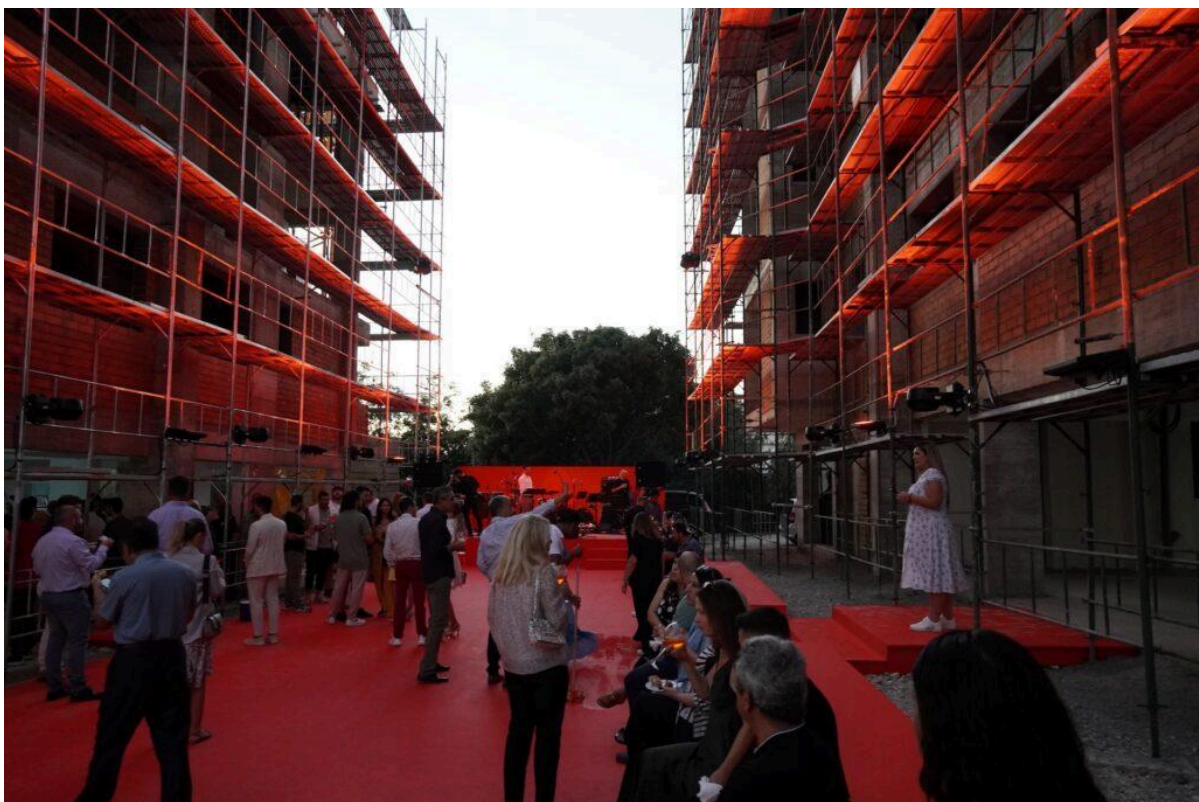

Domenica Group, a leader in luxury real estate development in Paphos, is proud to host an exclusive event on Wednesday 25 September to celebrate the progress of one of its most ambitious projects to date—Elements, located in the heart of the vibrant Park of Colours, in the centre of Paphos.

With construction in full swing for this flagship project, which will include 156 luxury apartments, the event offered a unique opportunity for more than 250 guests to experience the future of urban living. Partners of Domenica Group, friends of the company and distinguished customers gathered in the construction area, which was transformed into an elegant, welcoming space suitable even for high heels. Attendees enjoyed an unforgettable evening of drinks, fine dining and live music in an elegant yet relaxed atmosphere.

Haris Tremetousiotis, founder of the creative studio tremeEats, designed the event. The catering of the event was provided by the well-known Aquamare Beach Hotel, offering a delicious selection of dishes that perfectly accompanied the refined atmosphere of the evening. The soft sounds of live music created the perfect atmosphere, with guests discussing the exciting future of Elements.

Elements, part of the Park of Colours initiative, is expected to redefine luxury living in Paphos. Offering a total of 156 modern apartments, the project promises to offer a unique combination of urban convenience and natural beauty, in one of the city's most anticipated green spaces. The project is a key pillar of Domenica Group's vision to upgrade Paphos' urban landscape by offering quality, stylish homes at flexible rates for domestic and international buyers.

"We are thrilled with the high turnout and positive feedback received. This event allowed us to share our enthusiasm for Elements and give our guests a first impression of what's to come," said Kyriakos Charalambous, COO of Domenica Group. "It was important for us to celebrate this milestone in a way that reflected our commitment to excellence, innovation and the Paphos community. We look forward to completing this project and providing exceptional living spaces for our future residents."

This celebration not only marked an important milestone for Elements, but also highlighted Domenica Group's commitment to driving innovation across its projects. The success of the evening is a testament to the strong relationships that Domenica Group has built with its partners and customers, as well as the growing enthusiasm around the future of the Paphos City Centre.

The guests left the event with intense anticipation for the completion of Elements, a project that promises to become a defining element of the image of Pafos. As construction continues, Domenica Group remains committed to delivering a project that combines luxury, sustainability and modern living.
