Nicosia welcomed the much-anticipated The Landmark Nicosia, Autograph Collection

The most significant hotel arrival of the year is now a given, as The Landmark Nicosia, Autograph Collection, just opened its doors in the very heart of the capital.

It's been a few days now that Nicosia and its eclectic crowd have been "dancing" in the rhythm of the most significant opening of the year, as the much-anticipated The Landmark Nicosia, Autograph Collection, owned by MHV Mediterranean Hospitality Venture, has officially opened its doors and has become a part of the everyday life of the city. The emblematic hotel welcomed its first guests on December 2nd, and its beautiful spaces are already breathing with life and energy.

The historical Orangery, after its full renovation, has once again set its graceful tables, under the imposing fresco that covers the entire ceiling and has been crafted by celebrated visual artist Agata Leszczynska. In the restaurant's cozy and welcoming ambiance, the demanding local crowd and international guests enjoy their breakfast, lunch and dinner, which is presented in a lavish buffet, satisfying every palate and taste.

At the same time, the beautiful Incognito Bar is also open and ready to offer amazing fine drinking experiences inside a gracious and seductive environment. The bar team artfully prepares beloved classic cocktails, as well as a signatures' list, inspired of course by the emblematic hotel. Reservations are required for the entrance both in Orangery and Incognito Bar.

The imposing Grand Room with its elegant seating rooms, its private corners and its posh drawing rooms is destined to constitute a favourite meeting point for personal and business get-togethers all day long. Last but not least, the best wellness & fitness centre in the capital is already accepting subscription applications, with amazing programmes and packages for the sworn fitness lovers of Nicosia.

However, The Landmark Nicosia, the most aspiring project in the city's contemporary history, is not confined to the top-notch hotel and its dreamlike facilities, as the two imposing towers, The Landmark Residences, are coming to ideally complete the motto "Live.Work.Enjoy." in the heart of Nicosia. The residential tower, The Landmark Residences, as well as the office tower, The Landmark Offices, constitute the most groundbreaking project in Cyprus' high-end real estate scene, and very soon the two towers will also become part of this innovative puzzle, which brings along a new era in the luxury lifestyle experiences offered in the capital.

AUTOGRAPH COLLECTION®
HOTELS

The Landmark Residences promote an authentically luxurious and unpretentiously elegant way of life. Stretching over 17 floors, the tower includes 54 luxurious and state-of-the-art, one-, two- or three-bedroom apartments, as well as 3 exclusive Sky Villas, featuring private pools and lush urban gardens. All the apartments offer panoramic views over the city, while the extensive use of natural materials and the excellent interior design efficiency offer a warm feeling and create a precious residential haven for the most demanding of people.

Moreover, elements such as the 24-hour security and concierge services, the professional facility management, the secure underground parking, the use of state-of-the-art technologies for smart living options, the sustainable design and architecture mentality, the high-level aesthetics, create the ideal lifestyle in the heart of Nicosia.

The Landmark Offices, with its modern and sustainable spaces covering 16 floors, constitutes the ultimate choice for a significant business status upgrade. After all, the LEED Gold-certified standards' building can't be compared to none when it comes to corporate lifestyle and world-class amenities matters. Backdropped by the most impressive city views and bathed in natural light, these state-of-the-art offices are strategically located just next to the business and administrative centre of the city. Each floor stretches over 1.250 square metres and combines flexibility, contemporary facilities, safety, 24-hour accessibility, as well as a big underground parking.

The fact that makes all the difference in the world though is that the residents and tenants of both towers enjoy unique 5-star privileges, amenities and services, as The Landmark Towers are located just a few steps away from The Landmark Nicosia, Autograph Collection, and its world-class facilities.
